MISSION AND PURPOSE

The mission and purpose of Western Pacific Truck School (hereafter referred to as WPTS) is to give men and women the knowledge and skills that will help them become professional tractor/trailer drivers.

At WPTS we recognize that persons who decide to attend a trade and technical school are making career choices that may affect them for the rest of their lives. We believe it is important to let prospective students know that truck driving -- as with any other career -- has its pros and cons.

Our training program stresses safe and efficient operation of various types of tractors and trailers. We emphasize a thorough knowledge of Federal Department of Transportation (DOT) rules and regulations. Students are given the necessary defensive driving techniques, skills and knowledge to help them meet the stringent requirements of the National Commercial Driver's License Examination.

Upon successful completion of our Tractor/Trailer Operator Program, and having obtained a Commercial Drivers License men and women are prepared to become professional entry-level truck drivers.

OUR LOCATIONS

Each of our campuses consists of a classroom, offices and a training yard and are located in an industrial area -- the type of areas where truck terminals are normally located. WPTS' facilities and equipment comply fully with Federal, State, and Local ordinances and regulations. This includes fire, building, safety and health requirements.

Our campus classrooms accommodate an average class size of 20 students. Classrooms include a library of periodicals and videos relating to the trucking industry. Students are able to use these materials to reinforce the subject matter or may ask to view or check out for home study any particular video they feel they may need. Range/Lab training (off road skills practice) will be accomplished on courses designed for all needed range skills. Field Training, i.e. behind the wheel driving and observation, will be accomplished with three students (maximum four) and one Instructor.

THE EQUIPMENT WE USE

Students are trained on equipment commonly used in the Trucking Industry. Our tractors are equipped with the engine and transmission combinations commonly used today. Students pull various types of single and double trailers. Tractors and trailers are exchanged between our campuses in order to meet student needs and for maintenance and repair.

EQUAL OPPORTUNITY POLICY

WPTS grants students of any race, color, creed, sex, marital status, sexual orientation, nationality and ethnic origin all rights, privileges, programs, and activities generally accorded or made available to students at our school. We do not discriminate on the basis of race, color, sex, nationality, or ethnic origin in administration of our educational policies, admission policies and other school-administered programs.

Individuals with disabilities are encouraged to visit the school in order to determine if the facilities are adequate for their needs and/or if the training offered would be beneficial for them.

STUDENT SERVICES

Student services include academic and placement assistance as provided by the Campus Manager, Admissions Representative, and Staff. Staff members, within their capacities, will assist students in any way possible. This assistance can range from supplying information on local restaurants, hotels or public transportation to arranging special and/or make-up training as needed.

- **WPTS does not have dormitory facilities under its control.**
- **WPTS does not have any responsibility in finding or assisting a student in obtaining housing.**
- **Students are responsible for arranging their own accommodations. There are several hotels within 10 miles of each of our training facilities ranging in cost from approximately \$65 per night to \$125 per night. There is housing available for rent in the 95826 postal zip code (Sacramento) ranging in cost from approximately \$900 - \$2,500 per month; in the 95205 postal zip code (Stockton) ranging in cost from approximately \$500 - \$1100 per month; and the 95354 postal zip code (Modesto) ranging in cost from approximately \$700 - \$1300 per month.**

Students with special needs that we are not qualified to address, such as personal/family counseling needs, substance abuse, financial problems, etc. are referred to the appropriate community resources.

PLACEMENT ASSISTANCE

We work closely with local and interstate trucking companies who employ entry-level drivers. Trucking companies know the benefits of hiring well-trained entry-level drivers. Trucking company Recruiters visit our campuses on a regular basis and talk to students about the companies they represent and job opportunities.

Good interview and job seeking skills often make the difference between a successful career and unemployment. For this reason, the Campus Manager, Admissions Representative, Placement Specialist, and Staff all work closely with students during the training period on developing their job-seeking skills. Students are advised on topics ranging from filling out employment applications to developing the attitude and work habits that employers are looking for in employees.

COURSE DESCRIPTION

The Tractor Trailer Operator Program is 160 Clock Hours (A Clock Hour equals 50 contact minutes per hour). Students may be enrolled in either a four week or seven week program. Classroom training will be 40 hours, 8 hours per day for 5 days (one week). Field/Practical training is 120 hours. The Field/Practical training schedule for the seven week program will be 4 hours per day (5 days per week) for 6 weeks, and for the four week program will be 8 hours per day (5 days per week) for 3 weeks.

The objective of this course is to obtain the knowledge and skills necessary to pass the National Commercial Driver's License Exam. The Tractor Trailer Operator Program includes in-depth study of DOT safety rules and regulations. Students must be prepared for an intensive program of study. Basic driving skills are taught with various types of tractor/trailer combinations. We place heavy emphasis on defensive driving, backing, safety and emergency procedures. All students drive on the open road in highway, city and heavy traffic conditions.

Students will be tested on various subjects that are taught during Classroom and Practical Training (Please see Training Outline on Page 13). Students will have a Final Written Exam which will encompass the subjects taught during Classroom Training and a Final Practical Test which will cover all skills taught during Practical Training. Students who successfully meet our Satisfactory Progress requirement of 70% of all written and practical work, and complete a minimum 128 Clock Hours (80% of the course) will receive a Certificate of Completion.

STATE COMMERCIAL DRIVER'S LICENSE INFORMATION

The Tractor Trailer Operator Program is designed to lead to a career field that requires licensure in this state. ADMISSIONS PROCEDURES

The applicant is first interviewed by the Admissions Representative. This interview serves a two-fold purpose: informing the applicants about our school and careers within the trucking industry and screening the applicants for suitability for training under the criteria of the Tractor Trailer Operator Program.

The Admissions Representative will discuss the pros and cons of a career within the trucking industry. We believe it is important for all applicants to have all information possible in order to make an informed career choice.

An Enrollment Agreement is processed when the applicant is deemed qualified for training and enrolls in school. The agreement is then reviewed by a school official and if acceptable, final approval is authorized.

HOLIDAYS OBSERVED

We observe the following holidays: New Years Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day. Due to the intensive nature and length of the Tractor Trailer Operator Program, it is essential that students use the provided make-up days for holiday closures, if any, during the training period.

OPERATING SCHEDULE

Our administrative office hours are from 8:30 am to 5:00 pm, Monday through Friday. Individual campuses offer both day and evening classes (see schedule for start dates on page 14). Students are informed of any upcoming schedule changes.

DAILY TRAINING SCHEDULE

Classroom training will be the first 5 days (one week) of the program, 8 hours per day. The Field/Practical training for the seven week course will be 4 hours per day (5 days per week) for six weeks (120 hours). The Field/Practical training for the four week course will be 8 hours per day (5 days per week) for three weeks (120 hours). Students are informed of the scheduled daily class start and end time at the time of enrollment.

ORIENTATION

Mandatory orientation (2 hours) is scheduled prior to the first full day of class. Spouses, family members, or friends who might be interested in truck driver training are welcome to attend the orientation, during which our staff will provide an overview of the program.

STUDENT ATTENDANCE

Perfect attendance is very important during any training program. With a short-term program such as ours, even one or two absences can make a student fall behind to the point they may not be able to complete the course without extensive make-up work. We ask students to anticipate and plan for any problems that may arise with transportation, child care, etc. that could prevent them from attending class.

The following terms and policies delineates Western Pacific's Attendance Policy:

Absence: An absence will be considered as "excused" under the following circumstances: illness, death or birth in immediate family, or required military service. All excused absences must be authenticated in writing. Other circumstances must be substantiated in writing as well, and will be determined excused or unexcused at the discretion of the Campus Manager and/or President. All other absences will be considered "unexcused."

Tardiness: Tardiness is a disruption of a good learning environment and is to be discouraged. Being "on time" is not only important for school; it is a fact of life in the trucking industry. Tardiness (10 minutes or more) without a legitimate reason may result in the student receiving a warning.

Make-up Work: Make - up work will be scheduled by the Campus Manager for excused absences only. Incomplete work must be made up before a student can complete the course and will be scheduled depending on equipment and instructor availability.

Leaves of Absence: We recognize the fact that circumstances may arise during training that would make it difficult for a student to continue training. However, due to the short length of our course we will not grant a leave of absence.

Warning/Drop Procedures: Any student with two unexcused absences will receive a warning. Students with three unexcused absences will be notified that they will be dropped from the Tractor Trailer Operator Program unless immediate arrangements are made with the Campus Manager and/or President to resume training. Failure to respond to a drop notification will result in the student being dropped from the program.

PROBATION AND DISMISSAL

Students who fail to meet attendance or student conduct requirements will be dismissed. Students with an unsatisfactory or failing grade are placed on academic probation for 16 Class Hours. If they do not show improvement during probation, they will be dropped from the Training Program.

Conditions for Readmission: Western Pacific may not readmit a student who was dropped for misconduct. Any student who wishes to re-enroll following dismissal for failure to meet satisfactory progress or attendance requirements must request re-admissions from the Campus Manager. Requests can be made verbally or in writing at the location where training took place (as listed on page i of this catalog). Circumstances regarding unsatisfactory progress or attendance will be reviewed on an individual basis and you will be notified regarding eligibility to re-enroll.

SATISFACTORY PROGRESS AND ACADEMIC STANDARDS

Satisfactory progress is defined as 70% ("C" average) for all practical and written work and is evaluated weekly. Students are required to keep a 70%, "C" average or better must be achieved for each grading period. Measures used to assess the standards of progress are written examinations during classroom training (50% of grade) and driving tests during field training (50% of grade). Written and driving test scores are recorded daily on the Student Training Report. An overall grade is reported on the Progress Evaluation Form at the end of both Classroom and Field Training.

GRADING SYSTEM

Grades of A, B or C are passing grades. A grade of D is unsatisfactory; a grade of F is failure. A grade of Incomplete shows a need for additional course work.

GRADE LEVEL	PERFORMANCE DEFINITION
A = Good	90% - 100%
B = Satisfactory	80% - 89%
C = Needs Improvement	70% - 79%
D = Unsatisfactory	60% - 69%
I = Incomplete	Not Complete
Dp = Dropped	Dropped

CERTIFICATE OF COMPLETION

The following requirements must be met in order to successfully complete the course:

1. Meet Satisfactory Progress requirement of 70% ("C" average) or above; and
2. Meet minimum attendance requirement as per WPTS policy.

Eligible students who have met these requirements will receive a Certificate of Completion, provided tuition fees are paid in full or otherwise accounted for.

STUDENT RECORDS

An official student record is kept for each student including information such as enrollment documentation, grades, attendance, advising and placement information. Financial records are also kept for each student. These files provide a complete record of tuition charges, payments, refunds and any other financial transactions and will be maintained for a period of five years from the student's date of completion or withdrawal/termination. Transcripts are maintained permanently. After three years from the student's date of completion or withdrawal/termination, student files and transcripts may be stored electronically. Student records are confidential. A student may request at any time review their academic or financial records with the Campus Manager. In the event of school closure, student records will be maintained by the appointed Custodian of Records as required under California Education Code.

For the purpose of determining when the refund must be paid the student shall be deemed to have withdrawn at the end of 3 consecutive days of non-attendance.

If the student has received federal student financial aid funds, the student is entitled to a refund of moneys not paid from federal student financial aid program funds. If the student defaults on a federal or state loan both of the following may occur:

- (1) The federal or state government or a loan guarantee agency may take action against the student, including garnishing an income tax refund; and
